

**Decatur Regional Chamber of Commerce
Energy Cooperative Waiver**

Our company/organization understands that we will enter into an agreement for electricity, natural gas, demand response, and/or community solar with a supplier selected through a cooperative, coordinated on behalf of our membership by the Decatur Regional Chamber of Commerce. We recognize that our company's contract will be independent of the Chamber and that there could be some potential risk involved. As such, our company agrees to indemnify the Chamber from any and all liabilities, losses, or damages of any kind whatsoever, including, but not limited to, legal expenses and attorneys' fees, that may be suffered by our company as a result of participation in the cooperative.

Our company/organization agrees to maintain continuous membership in the Decatur Regional Chamber of Commerce for the duration of the cooperative contract with the supplier to participate in this cooperative initiative at special Chamber pricing rates. We understand that failure to maintain Chamber membership can and will jeopardize our participation in the renewal of future cooperatives.

We understand that this waiver must be signed and returned prior to joining the cooperative at special pricing rates. Failure to sign this waiver will prevent our company from participating in this cooperative at special Chamber pricing rates.

The Applicant/Customer has read and understands the conditions for participating in this Chamber Cooperative Purchasing Program.
